

Fee-for-Service to Value: Healthcare Payment Model Boot Camp

Value-based healthcare policy developments have restructured the healthcare landscape to emphasize the delivery, measurement and outcomes of care. Over 15 million Medicare beneficiaries are served by these initiatives with millions more with private coverage. Innovative healthcare providers are successfully delivering improved patient care at lower costs through two-sided risk-based payment models like bundled payment arrangements and accountable care organizations.

In conjunction with the [bipartisan Health Care Innovation Caucus](#), join us for an educational boot camp focused on understanding and implementing value-based healthcare payment and delivery system reform. You'll also hear directly from some of the nation's leading providers and health systems on the barriers they've overcome transitioning to alternative payment models and key actions Congress can take to ensure the success value-based payment initiatives.

Featuring:

Friday, February 28, 2020
11:00 a.m. – 1:00 p.m.

Rayburn 2060

(Boxed lunches will be provided; this is a widely attended event)
