Housekeeping Notes

To cut down on background noise, we have placed participants on mute.

For Q&A, please ask your question in the Q&A box.

APG recommends viewing this webinar in “Grid view” to get the most out of today’s conversation. This view allows you to see all the speakers, simulating a fireside chat.

If you’re new to WebEx, here’s how to change your current view to Grid:

- In the upper right corner of your viewing screen you will see icons for the 4 different views. Hovering over them will reveal their purposes.
- Click the icon that looks like 4 circles forming a square – this is Grid View.
- Please note this may be different if you are viewing on a phone or tablet.
