

WE ♥ HEALTHCARE WORKERS

Give Financial Wellness To Your Healthcare Staff

Problem: High Turnover and Staffing Costs

Healthcare professionals face significant **financial stress**, a leading cause of burnout and turnover. High attrition rates in the healthcare industry lead to substantial staffing costs and disrupt patient care.

Solution: Build a Sustainably Healthy Workforce

Plannery empowers healthcare organizations to address employee financial stress:

AI-Powered Financial Tools: Improve financial outcomes with smart, automated tools.

Specific Financial Support: Cater to unique healthcare career paths and income structures.

Payroll-Integrated Payments: Automate debt reduction and savings directly through payroll.

No liability: Plannery assumes all associated risks, ensuring peace of mind for employers.

Turnkey Platform Solution: Deploy quickly without complex integrations.
