Statement On Passage Of \$1 Trillion In Cuts To Medicaid Under Passage Of The *One Big Beautiful Bill Act* (H.R. 1)

For more than 30 years, APG's capitated-delegated provider organizations have served over six million Medi-Cal beneficiaries across California. The passage of H.R. 1 delivers a deeply discouraging message to those on the front lines of our health care safety net—organizations that have long operated under constrained resources yet remained committed to delivering high-quality care to the most vulnerable.

Slashing \$1 trillion from Medicaid jeopardizes the future of care for one in three Californians who rely on Medi-Cal. These cuts represent not only a fiscal shift, but a moral turning point—an abdication of our collective responsibility to protect the health and well-being of those most in need.

Despite this significant setback, our members remain steadfast in their mission. Their commitment to Medi-Cal beneficiaries will not waver, and history will remember their resilience and dedication in the face of adversity.
